Tradewell, Becky

From: Rep.Montgomery
Sent: Monday, September 15, 2003 5:09 PM
To: Tradewell, Becky
Subject: Amendment to AB 486 LRB 1899/2

Becky,

Below are several additional modifications for the Date Certain Permitting: AB 486 (LRB 1899/2)

- ✓ 1. Create language that allows agencies to notify the applicant by electronic mailing that there is a need for an extension.
(We want to allow for e-mails--Not just written letters)
For example: some proposed language---**Section 4 pg 5 line 17**

"application if the board notifies the applicant by written or electronic mail of the need for an extension..."

- ✓ 2. Strike the **more than 60 day** extension and modify instead it is a **30 day extention** which is based on human health or human safety. (Strike "environment")

(j) The department may extend the period established under par. (a) for a license, permit, or other approval specified in par. (a) 6. or 17. to 20. by not more than 30 days if, within the period established under par. (a), the department finds that there is a substantial likelihood that the activity proposed to be conducted under the application would result in substantial harm to human health or human safety and that the department cannot adequately review the application within the period established under par. (a) and, upon making those findings, provides written notice to the applicant that states with particularity the facts on which those findings are based.

- ✓ 3. Create language that an agency will notify an applicant within 15 days of receiving the application if the agency finds that the application is incomplete and is directly related to the application.

The department may extend the period established under sub. (1) because an application is incomplete if all of the following apply:

(a) Within 15 days after receiving the application, the department provides written notice to the applicant describing specifically the information that must beprovided to complete the application.

(b) The information under par. (a) is directly related to eligibility for the approval or to terms or conditions of the approval.

(c) The information under par. (a) is necessary to determine whether to approve the application or is necessary to determine the terms or conditions of the approval.

(d) The extension is not longer than the number of days from the day on which the department provides the notice under par. (a) to the day on which the department receives the information.

- ✓ 4. Create language that an agency may only use reasons stated in either rules or statues for denial of the application.

The department may not make the license, permit, or other approval subject to any term or condition that is not specified by statute or rule.

Any questions, please contact either Rose or Mike in my office. Thanks

Subject: additional amendment

Importance: High

Becky,

Below are two additional items that we would like rolled into the amendment you are drafting:

- ✓ 1. Modify language in bill so that it gives the agency in rules the ability to notify applicants of the timeline for approval of their application--IN THE MOST COST EFFECTIVE MANNER.

Possible Options that any agency could use--we don't need to put that into the bill--(just so you have an idea of where we're going with this language)

They could place it directly on the application

They could include it in the notification the agency sends out to say they received the application.

They could post it on their websites where applications are downloaded.

This is the area that needs to be modified:

NOTICE OF DEADLINE. Upon receiving an application for an approval specified in sub. (1), the board shall inform the applicant of the period established under sub. (1) for the approval.

2. Strike the following Boards from the bill

✓ Building Commission (Ch 13)

✓ Public Records Board (Ch 16)

✓ State Capitol and Executive Residence Board (Ch 16)

*Per Rose - Also require LRB, in analyzing to identify bills
that require persons to get licenses, etc., from state agencies.
